Each year the Clovis Rebels Board of Directors get together and plan an exciting eventful cheer and football season.

Our board consists of parent volunteers who selflessly give of their time to this program. A few of us have been serving for years and a few we welcome as new members! We all have our own stories to share about how this program has touched the lives of our own children. One thing we all have in common is having a heart and drive to make each season more successful.

2022 is here and registration is open! As our team rosters are filling up, we need help from our community to give our boys and girls another safe, competitive, and fun Rebels season. We participate in our great City of Clovis parades and events.

It is important that we provide safe equipment and rewarding activities for our children! This continues to happen with the help of sponsors. We appreciate any contribution.
