Jan 27, 2023

Welcome to the *Central Valley Youth Football League (CVYFL)*. We as a united community of youth football want to announce our *new league*. We are excited to embark on the opportunity to expand play for *all youth* in the Central Valley through multiple football organizations near anyone wishing to play *organized youth tackle football*. This new league will give expanded opportunities to boys and girls all around the valley no matter where they live or attend school.

To begin this process we are looking for other like minded individuals from other programs all around the valley to come together with us and build the best and biggest youth football and cheer league in Central California. All of the CVYFL Board of Directors have been in youth football and cheer programs for 10 years or more here in the Fresno / Clovis area. We are looking forward to expanding our youth sports knowledge by teaming up with other program's personnel throughout the valley, sharing the goal of each child participating having the experience of a lifetime every time they step on the field.

We at the CVYFL know it will be a challenge but the foundation this new league is being built on will showcase how important youth football is to all of us in the Central Valley and how committed we are to give our youth an opportunity to play competitive youth football here at home. We look forward to growing the experience of football and cheer for all of the participants and expanding rosters for all clubs involved.

**If your program is interested in hearing more about this great opportunity feel free to reach out and set up a meeting with us to further discuss details.**

*CVYFL would like to share a few insights on our league points of interest.*

- I. Open book financials for all team directors
- II. Event financial disbursements to all teams in good league standing
- III. 20min 5<sup>th</sup> qtr. games for all teams with sufficient roster sizes so all kids get to play
- IV. Preseason carnival
- V. Boundary player limit modifications
- VI. Mandatory league meetings
- VII. Open voting process for all league teams
- VIII. League commissioner to oversee meetings and league events
- IX. All teams included in league Insurance coverage.
- X. End of the season All Star game.
